HAMAKI SERIES

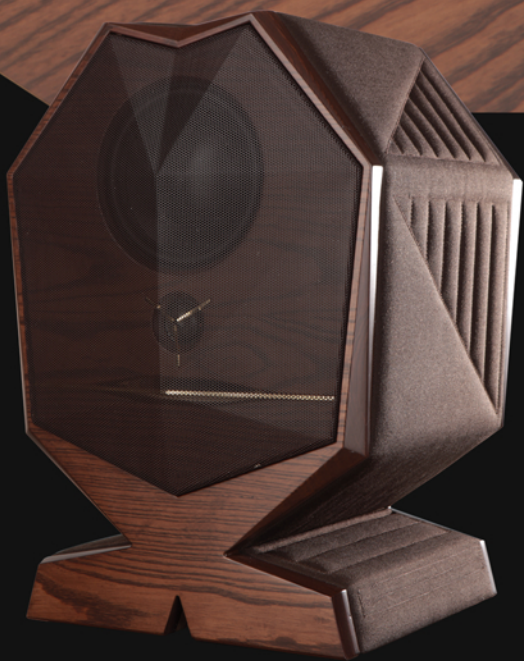

HANZO  
HR

## HAMAKI SERIES HANZO

The new HAMAKI loudspeaker collection is inspired by the Samurai history, name deriving specifically from chieftain Hattori Hanzō who lived in the second half of the 16th century in the Japanese province of MIKAWA. Japan, design inspiration as well as homage to a country which has written the fundamentals of high fidelity worldwide.

The HANZO model gives way to a higher level of audio design, an acoustic performance of top order, thanks to a colourless granite cabinet, attaining an integral and incomparable musical reproduction for a loudspeaker of this category.

## HR Gold

Different from all other models of the HAMAKI series, HR Gold features a front and back panel made out of solid thick wood while the loudspeaker body is padded with cordura fabric and stitched lining.

The Tweeter's phase advance, likewise the reflex accord one, is made out of brass and gold lining.
