Vincent & Lola

Our first crazy attempt to “planetary revolution” of high fidelity audio. After almost two years, we had the slight doubt that we had been unsuccessful...!!! But we then realised that we had really created something without precedents in the hi-fi sector. With a full gamma 3” loudspeaker, with bamboo fibre cone and neodymium magnet, this sound diffuser is nothing short of a masterpiece, with astonishing aesthetic balance and outstandingly correct and consistent sound quality, which goes hand in hand with an extremely wide acoustic band.

Technical specifications

Colours	natural / ebony
Finish	glossy / matt
System	Full range Bass reflex
Applications	HI-FI stereo - desktop audio video system
Amplifier requirement	20 - 50 watt RMS
Nominal impedance	8 Ohm
Frequency Response	77 - 20 KHz
Sensitivity	87db (1w/1m)
Drive units	1 x 3" / 76 mm bamboo fiber cone driver
Weight	3,5 Kg. pcs

Dimension

Width	165 mm
Height	240 mm
Depth	195 mm
